Next Meeting Date: Monday, October 3, 2022

National Day for Truth and Reconciliation

In 2021, the Government of Canada passed legislation dedicating September 30th as the National Day for Truth and Reconciliation to ensure public commemoration of the history and legacy of residential schools, a vital component of the reconciliation process.

On September 17, 2021, the Council of the Township of South Glengarry passed Resolution 319-2022, affirming Council's support and recognition of this important day.

The Township will again be recognizing the National Day for Truth and Reconciliation on September 30, 2022. The Township office and all other administrative offices will be closed on this day. There will be no change to waste collection as a result of the office closure.

The Township will also be raising the Every Child Matters orange flag at municipal buildings on September 21st.

CLRC Arena Floor Project- Update

General Manager of Parks, Recreation and Culture Sherry-Lynn Servage provided Council with an update on the Char-Lan Recreation Centre Floor and Dasherboard Project. The arena floor was successfully poured on Monday, July 25 and was properly cured before moving forward with the installation of the dasherboards.

Once all components have been installed, the floor must be cleaned thoroughly before moving forward with turning the refrigeration plant on. Once the refrigeration plant has been turned on, the plant must bring down the temperature of the floor at a slower than usual rate because the concrete floor is new. If the concrete floor lowers in temperature at a fast rate, the floor could crack. Once the arena floor has reached the proper temperature, the ice making process will commence.

In addition to these steps, there are many moving parts in order to finalize this project including thorough cleaning, storage installation, moving items from dressing rooms back to storage under the bleachers, additional in ice logo installation, etc.

It is anticipated that the arena will re-open on October 6, 2022. The Township thanks the facility users and community for their patience while we completed this important project!
